### Digital Recording for Court Reporters

Court Recorder software makes it easy to record legal proceedings with digital accuracy and clarity.

- Courts
- Depositions
- Administrative Hearings

### Court Reporting

Court Recorder 8 supports verbatim reporting and electronic reporting and is suitable for all types of reporting work. Readbacks are fast and easy, there are no cassettes to juggle, and digital audio makes transcribing faster and easier.

### Courts and Administrative Hearings

Court Recorder 8 enables a court clerk, hearing officer, or judge to make digital recordings. This ensures an accurate record of events for cases where court reporters are not available.

#### Court Recorder 8 Software

Court Recorder 8 software records on your Windows computer, for clear digital sound.

#### Digital Recording in 3 Steps

1. Install SoniClear software
2. Plug in the microphone
3. Click the Record button

#### No More Tape Worries

No need to switch tapes during testimony. Records up to 12 hours continuously. Send recordings to transcriptionists over Internet.

#### Microphone Options

Computer microphone included that is suitable for small rooms. Custom configurations available for up to 12 individual microphone channels.
