

Digital
Recording
Software for
21st Century
Government

Advanced multi-channel digital recording software for ultimate recording clarity.

Save Time Every Day

Now it is easy and affordable to record and share meetings with multi-channel clarity, along with all the time-saving features of Gov Recorder:

- ▶ Record large, complex meetings with up to 12 channels
- ▶ Easily replaces aging court-style cassette recorders
- ▶ Point and click to share meetings on internal network
- ▶ As simple to operate as a cassette recorder
- ▶ Save time creating meeting minutes
- ▶ Save time using CDs for storage and duplication
- ▶ No more juggling cassette tapes
- ▶ Hear even the softest voice with clear, digital audio
- ▶ Fast note taking to highlight important meeting events

Faster Meeting Minutes

Production of meeting minutes is much easier with Gov Archiver MX. Notes can be entered easily during and after the meeting to create an outline of agenda items, discussion points, action items, motions, and votes. Hear and identify each person speaking by selecting from up to 12 individual recording channels. Features like foot pedal support, slow playback, and VoiceBoost audio enhancement, simplify preparation of minutes or detailed transcripts.

Digital Archives for Easy Access

Meeting recordings are stored in digital files for duplication on CD, or for retrieval from a Local Area Network server. Gov Archiver MX records on Windows XP computers using industry-standard digital audio files for reliable, permanent storage. Audio archives can be stored on any shared network drive for immediate access by staff. CDs can be duplicated quickly and easily for distribution, as needed.

SoniClear Gov Products

Easy, affordable digital recording software that helps government be more efficient and responsive:

- Gov Webcaster
- Gov Archiver
- Gov Archiver MX
- Gov Recorder

Digitally record, manage, archive and webcast important meetings:

- Board Meetings
